PREFACE—1940 EDITION

This third edition of the United States Code has been prepared and published pursuant to the act of May 29, 1928, ch. 910, as amended March 2, 1929, ch. 586, and contains a consolidation and codification of all the general and permanent laws of the United States in force on January 3, 1941. By statutory authority this edition may be cited "U. S. C. 1940 ed." Previous editions were published in 1926 and 1934.

The title and chapter structure of the 1934 edition, together with Supplement V thereto, has been almost completely preserved, the only changes made having been necessitated by the enactment of legislation during the 3d session of the 76th Congress. Any errors discovered in the 1934 edition or Supplement V have been corrected.

Because of the number of laws and additional notes included and by reason of the use of a more legible type than that used in the 1934 edition, it has been decided to publish this edition in four volumes, the first three containing the text of the laws and the fourth containing the tables and index. It is believed that the new arrangement will prove a great deal more convenient to the users of the Code.

The actual work of preparing and editing the material for this edition has been done by the West Publishing Co. of St. Paul, Minnesota, and the Edward Thompson Company of Brooklyn, New York, under the supervision of the Committee on Revision of the Laws of the House of Representatives. These companies prepared the original Code which Congress enacted in 1926 and have continuously served the Committee since that time in the preparation of the authorized Supplements to the Code. Grateful acknowledgment is made to the staffs of both publishing companies, and to Charles J. Zinn of the New York and District of Columbia bars, representing the Committee on Revision of the Laws, for their untiring efforts to make this edition as nearly perfect as possible; also to Captain Harold L. Allen, of New York, for his technical assistance in the revision of Title 10, Army; also to W. H. McClenon, of the Legislative Reference Service of the Library of Congress and to the various officers of the Government departments and agencies for their helpful suggestions and criticisms.

The Committee on Revision of the Laws again invites criticisms or suggestions with the view of improving the Code wherever possible. It is fervently hoped that the program of enacting the Code into positive law, title by title, to improve its present status as merely prima facie evidence of the law, will meet with success in the not too distant future.

EUGENE J. KEOGH,
Chairman,
Committee on Revision of the Laws.

WASHINGTON, D. C., *June 30, 1941.*
